

Group Project

Authors: Ta Viet Cuong, Ph. D

HMI laboratory, University of Engineering and Technology

Task: Orbit War

<https://www.kaggle.com/competitions/orbit-wars>

Timeline:

- Team Register: 14/05-21/05
- Max team members: 3
- Submit: 08/06
- Requirements: Report, Code, Ranking
- For report: Use IEEE Conference template
(<https://www.ieee.org/conferences/publishing/templates>)

Task: Orbit War

- <https://www.kaggle.com/competitions/orbit-wars>

Score:

- Report + Code: 20
- Team interview: 20
- Ranking: 10 (Best team: 10 and scale down)

Approach

Example notebooks:

<https://www.kaggle.com/code/thisisn0mad/orbit-wars-rl-pipeline-public>

<https://www.kaggle.com/code/zacharymaronek/orbit-wars-heuristic-agent-scored-1000>

For novelty:

- Diffusion-based Policy/Offline RL
- Alpha-Zero based approach
- World Model and Planning
